

**Action Taken Report 2021-22**

- Expanded the range of student development activities, including academic, cultural, sports, and community-oriented programs.
- A comprehensive review of the grievance redressal system is underway to ensure timely and effective resolution of student concerns.
- Established regular communication channels, such as newsletters, parent-teacher meetings, and online platforms, to facilitate better interaction and information sharing.
- Introduced specialized workshops, mentoring programs, and internships to enhance entrepreneurial and soft skills of students.
- Efforts to enhance infrastructure facilities were initiated.
- Enriched the extracurricular calendar with a variety of activities, such as leadership training, volunteering opportunities, and skill-based workshops, to foster overall student growth.

These initiatives aim to address the identified areas for improvement and create a more conducive and enriching educational environment for the students. Overall, the feedback system has proven effective in gathering valuable insights from alumni, parents, teachers, employers and students. It serves as a valuable tool for the college to assess its performance, identify areas of strength, and address areas for improvement. By actively seeking and incorporating feedback, the college strives to enhance its services, facilities, and overall educational experience.
